

PIH.RHIIP.TA Message # 2011-09 Distributed on February 23, 2011

Please be advised that the Office of Public and Indian Housing (PIH) Enterprise Income Verification (EIV) System weekend summarization job ran successfully last night. Normally this job runs over the weekend. However, PIH was able to run this job off cycle since the HUD environment was unavailable due to scheduled maintenance during the weekend of February 19, 2011.

This means that all EIV reports are **now available**:

Presently, HUD is in the process uploading updated wage, new hire, and unemployment benefit information. We anticipate that the data will be updated by **February 28, 2011**. Please note that the data will include the following:

1. Reported quarterly unemployment benefit information from Q4 of 2010 and prior quarters
2. Reported quarterly federal wage information from Q4 of 2010 and prior quarters
3. Reported quarterly non-federal wage information from Q3 of 2010 and prior quarters
4. Reported monthly new hire information through (approximately) February 15, 2011
